It is
simple..
Isn't it?

- Buy → Receive → Store → Transfer → Sell
- Like this for decades, if not forever
- Stops being simple when the real (modern) world gets involved

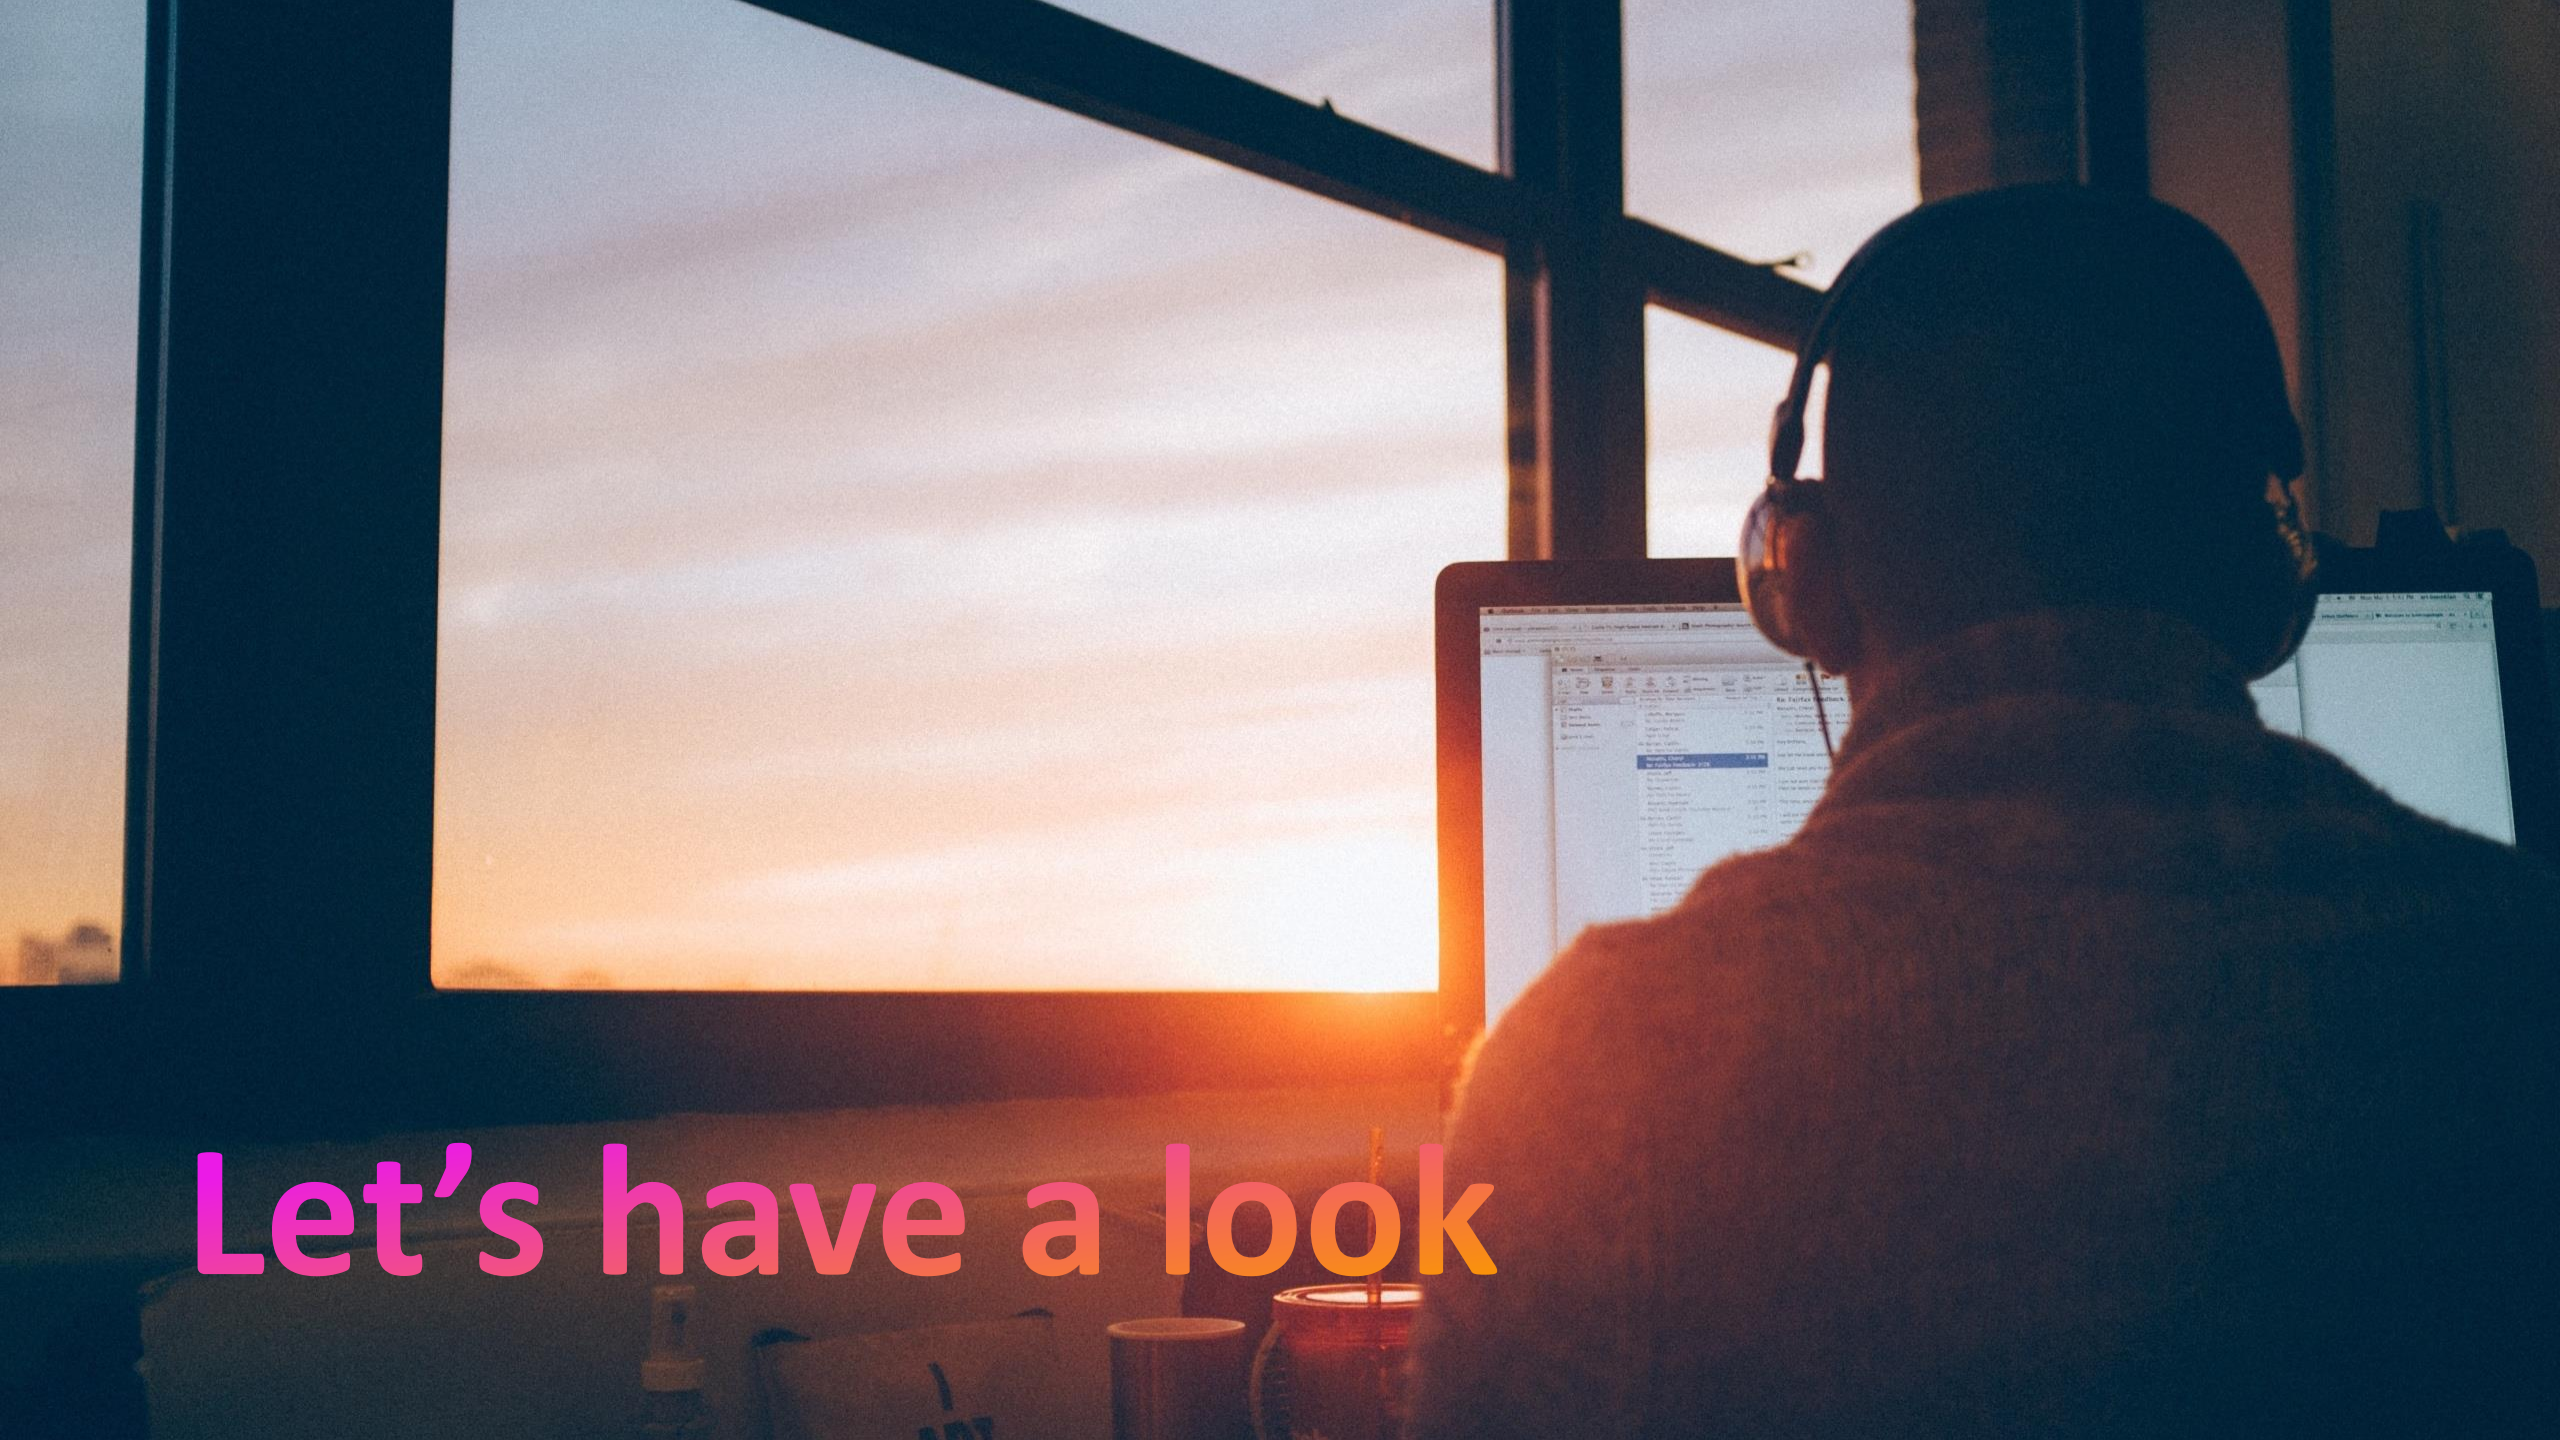

LS Central

Simpler & Faster

- Fully online or Hybrid POS
- Integrated Payments
- Update Service for Automated Deployments
- Focus on performance and scalability
 - Batch Posting
 - Parallel Processing
 - Aggregated Inventory

The LS Central Accelerator is built with project experience, to reduce repetitive change requests and configuration tasks with a standardised approach

And sometimes we just think things would be really cool..

Let's have a look

Product Roadmap

**We love ideas, don't be
shy!**

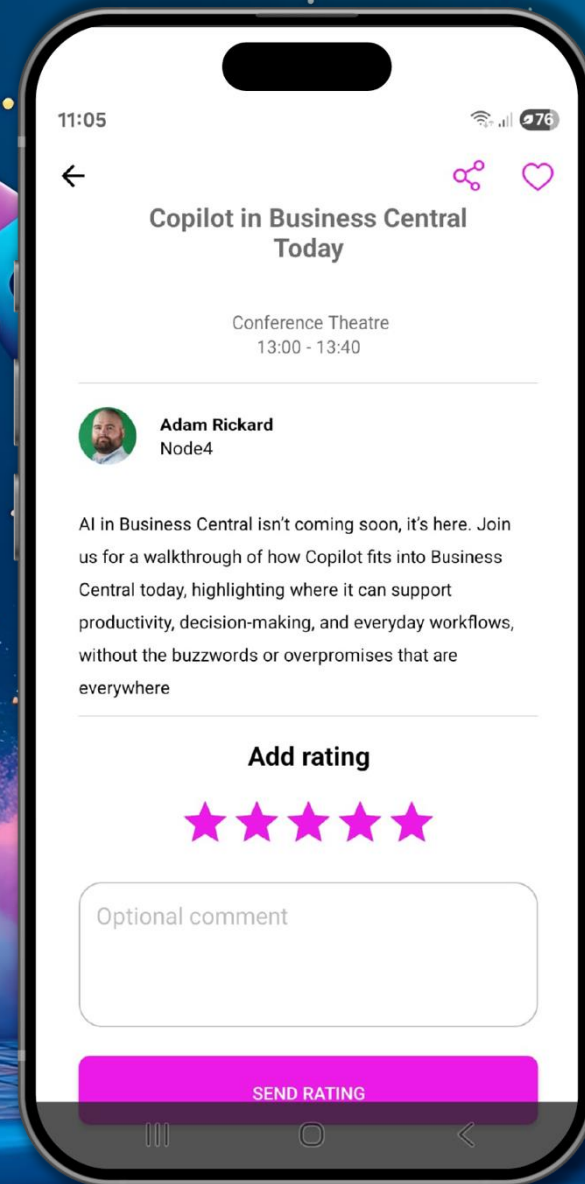

- Extending Card Reconciliation
- Basic Rental Management
- Item Creation Journal & Item Error Check with AI
- Improved New Store/ POS Agent
- Store Closure Agent
